

DAY 1  
18 APRIL

DAY 1  
18 APRIL

	IoT			IOT / AI	AI	Blockchain				
	Developing for the IoT <i>Available for all ticket types</i>	Connected Industry <i>Available for Ultimates &amp; IoT Golds</i>	Connected Transportation <i>Available for Ultimates &amp; IoT Golds</i>	Data analytics for AI & IoT <i>Available for all ticket types</i>	AI in the Enterprise <i>Available for Ultimates &amp; AI Golds</i>	Blockchain for Enterprise <i>Available for Ultimates &amp; Blockchain Golds</i>	Cryptofinance & ICO Strategies <i>Available for Ultimates &amp; Blockchain Golds</i>	Blockchain for Business <i>Available for all ticket types</i>	Developing Blockchain Applications <i>Available for all ticket types</i>	
9.00	Chair's welcome and opening comments	Chair's welcome and opening comments	Chair's welcome and opening comments	Chair's welcome and opening comments	Chair's welcome and opening comments	Chair's welcome	Chair's welcome	Chair's welcome	Chair's welcome	9.00
9.10						Keynote: Top 5 Lessons Learned from first blockchain projects	Initial Coin Offerings – An introduction and future	Healthcare without Boundaries: Fact or Fiction?	Why Peer to Peer Lending is the killer app for Ethereum	9.10
9.20	Keynote Panel: Future of IoT – predictions for a connected world	Solo: IoT-enabled Smart Buildings	Keynote: Rolls-Royce, Intelligent Asset Management	Keynote: Information is everything	Keynote: An Automation Revolution: The Smart Actions of Leading Companies	Blockchains for the Food Supply Chain 2.0 : Hype or	Redefining standards and liquidity options in the ICO market		Panel : How can developers make the most of the blockchain opportunity?	9.20
9.30					Propelling a data driven organisation in the information age with AI and ML	Panel: Products you trust – The role of Blockchain within supply chain tracking	Panel: Understanding the market dynamics for ICO's token sales and crowd funding	Panel: Blockchain for the entertainment industry		9.30
9.40		Panel: Smart Structures, Intelligent Buildings and Factories	Panel: Creating smart transport systems for the intelligent consumer	Panel: IoT and AI data analytics for intelligent decision making	Keynote Panel: Building an AI Strategy for Enterprise	Networking Break	Reinventing money – Currency Of The Internet	How Blockchain will change the sports industry	Keynote: Building Data Economy Ecosystem	9.40
9.50			Solo: The Technology Behind Connected Infrastructure Assets	Cognitive Outcomes for Smart Manufacturing				Consumer engagement and enables brand protection	Case Study: Prediction as a Service	9.50
10.00	Solo: IoT Hardware – Sensors, Batteries and Actuators	Keynote: Siemens Mindsphere Case Study			Networking Break	Panel: Blockchain and its application in the energy market	Networking Break	Networking Break	Networking Break	10.00
10.10						Transforming Industries Through Blockchain	How to protect your ICO against phishing and scams?	Agriculture and Blockchain	Developing smart contracts in C# using Stratis	10.10
10.20	Legacy development approaches aren't built to handle IoT data streams				Conclusions of the House of Lords AI Select Committee report	Energy & blockchain: the state of play	Institutional evolution into Crypto space	Introduction to IPCHAIN – Offering the better protection of IP through blockchain	What should inter-blockchain infrastructure look like?	10.20
10.30					Case Study: The role of AI in the workplace	When a DLT is Secure, Fair and Fast, What Will You Build?	Understanding the CryptoAssets Economy	Panel: Cybersecurity and ID management using Blockchain	Witnessing the Evolution of BC	10.30
10.40					Panel:The application of Deep Learning within an Enterprise		Roundtable discussion: Regulation and Litigation involving ICOs and	Verifiable Digital Records on Blockchain	What's the true value of Bitcoin?	10.40
10.50	Platform selection for your IoT project?	Networking Break	Networking Break	Networking Break		Networking Break	Networking Break	Networking Break	Networking Break	10.50
11.00										11.00
11.10		How Agriculture Became a Prime Example of Optimizing on Connected Technologies	Case studies and Insights from Swiss Post	Solo: Edge processing for data analytics and training AI Algorithms						11.10
11.20	Networking Break				Afternoon Keynote: The path to AI Transformation – How organisations are taking it.	Panel: Blockchain in the healthcare system	Panel: The rise of Crypto Capitalism – the changing role of VCs vs. ICOs	Customer loyalty rewards	Panel: Blockchain technology from the investor's perspective: A VC view of the marketplace	11.20
11.30					Using ML and Data Science to understand user patterns in website click events	Panel: Blockchain in logistics and transportation	Examining the ICO market in Asia	Smart Contracts on the Blockchain	Enterprise applications using standard persistency in blockchain	11.30
11.40	Case Study: BSI	Keynote Panel: Predictive Maintenance – How to unlock true 'actionable insight'	Solo: Integrating technology in highways design and operation	Panel: Raising the bar – how can IoT and AI improve our performance and fitness?	Driving value from Enterprise AI	Networking Break	Tokenized Equity: Issuance, Secondary Markets	Case Study: FinanceMalta	Blockchain applications : hype or reality	11.40
11.50							Networking Break	Appics: Bringing the Benefits of Blockchain to Social Media	Healthcare in Africa	11.50
12.00	Testing in the IoT ecosystem	Solo: Agritech, IoT and smart farming	Networking Break	Sport Science – the S.L. Benfica's approach	Networking Break	Keynote: Blockchain and smart contracts as a part of eSports & gaming	Networking Break	Financial Democratisation through Blockchain	Networking Break	12.00
12.10						Blockchain across the energy value chain		Blockchain for Social Good	Blockpass – Identity for a Connected World	12.10
12.20						Case Study – Gospel – The First Practical Enterprise Application of Blockchain	Decentralized Central Banking	Blockchain in Business	Traxion – Case Study	12.20
12.30						Building Global Trade on BC	How to Avoid Hidden Risks and Pitfalls While Investing in ICOs	The next wave of the Internet: Powered by Blockchain	Blockchain-enabled Internet	12.30
12.40	(Cross-)Platformization and the Role of Software in IoT							Storage of crypto assets	Next generation of Blockchain ID verification	12.40
12.50									When blockchain has AI	12.50
13.00	Networking Break	Networking Break	Can you trust IoT network devices with access to your enterprise network?	Networking Break					Self-Sovereign Private Distributed Identity	13.00
13.10									Crowdsourced Engineering	13.10
13.20										13.20
13.30										13.30
13.40										13.40
13.50										13.50
14.00	Panel: Scalability and Interoperability – what drives insights?	Panel: Smart manufacturing for every product	Keynote Panel: Connected Vessels and Connected Ports	Cognitive Search & Analytics: Bringing the power of AI to Enterprise search						14.00
14.10										14.10
14.20	Case Study: Massive IoT from the service provider perspective	Case Study: Industrial Innovation in Medical Gases	The consumer airport experience in the digital age	Panel: Big Data – Creating Intelligent Data Models						14.20
14.30										14.30
14.40	Finding the Signal in the Noise	Networking Break	Networking Break	Solo: How AI is reshaping the energy world	Networking Break					14.40
14.50										14.50
15.00	Networking Break	Afternoon Keynote: Accelerating the Transformational Value of IoT	Panel: The next generation of connected cars and vehicles	Networking Break	From Zero to Deep Learning: how to integrate Deep Learning into your organization					15.00
15.10										15.10
15.20	Keynote: Improve your connectivity reach for critical remote applications	Solo: IT/OT convergence	Case Study: V2X technology to enable the driverless car	Parking Cars Autonomously with Machine/Deep Learning						15.20
15.30										15.30
15.40										15.40
15.50	Panel: Moving beyond connectivity to insight			How to avoid mistakes and frustrations in AI	Panel: AI for Social Good					15.50
16.00										16.00
16.10										16.10
16.20										16.20
16.30										16.30
16.40										16.40
16.50										16.50
17.00										17.00
17.10										17.10
17.20										17.20
17.30										17.30
17.40										17.40
17.50										17.50
18.00										18.00
18.10										18.10
18.20										18.20

NETWORKING PARTY FOR ULTIMATE, GOLD & EXPO PLUS ATTENDEES, SPEAKERS, SPONSORS & PRESS

18:30 - 00.00. Under The Bridge, Fulham Rd, Fulham, London SW6 1HS

DAY 2  
19 APRIL

DAY 2  
19 APRIL

IoT

AI

Blockchain

	IoT Innovations ----- Privacy & Security <i>Available for all ticket types</i>	Connected Enterprise <i>Available for Ultimates &amp; IoT Golds</i>	Smart Energy & Cities <i>Available for Ultimates &amp; IoT Golds</i>	AI Technologies <i>Available for all ticket types</i>	AI and the Consumer <i>Available for Ultimates &amp; AI Golds</i>	Blockchain for Enterprise <i>Available for Ultimates &amp; Blockchain Golds</i>	Transforming Financial Services <i>Available for Ultimates &amp; Blockchain Golds</i>	ICO & Token Investment <i>Available for all ticket types</i>	Blockchain Technologies <i>Available for all ticket types</i>
9.00	Chair's Welcome	Chair's Welcome and opening comments	Chair's Welcome and opening comments	Chair's Welcome and opening comments	Chair's Welcome and opening comments	Chair's Welcome	Chair's Welcome	Chair's Welcome	Chair's Welcome
9.10	Panel: Strategies for funding your IoT idea	Advancing Supply Chain Technology in Pharma	What do consumers want from the smart energy future?	Chair's Welcome and opening comments	Keynote Panel: ChatBots – the next generation of messaging apps	Keynote: Enterprise Ethereum Alliance: towards common blockch. standards	Keynote: The impact of blockchain in the banking model	Launching Blockchain ICOs – Gaming, music & social networking	Keynote Panel: What does the future hold for Blockchain tech – where do we think we will be in 2030?
9.20	IoT Innovation: The Digitalization of Energy	Panel: End to End supply chain solutions	Panel: Smart Grids and Meters for today's consumers	AI for Good: Science & Industry for better future	Keynote: The future of AI for customer experience	Blockchain Technology for Highly Sensitive Services	Panel: Maximising the potential of blockchain for financial services	Blockchain Utilization in Healthcare	Security Tokens in play: What is a security token? Why it matters? Why hard to issue 1?
9.30	IoT Innovation: How to delight your IoT customers	Networking Break	Solo: The Digital Energy Revolution	Is IBM Power9 the best platform to test & deploy AI?	Your Consumer Insights team will soon be led by a robot	Panel: Blockchain in manufacturing	Blockchain Inequality in Financial Enterprise	The ecosystem of confidence: MyShield – A decentralized anti-scam platform	Blockchain as a new infrastructure of AI – Bottos, the Ethereum of AI
9.40	Innovative Provisioning & Application of IoT Devices with MULTOS		Case Study: Transformation of Customer Cash Application, Maersk Journey	Panel: Utility monitoring using IoT – benefits to energy suppliers	10 Microtrends for Applied AI Startups	Skin Care gets smart with AI	Panel: The challenges and opportunities of Blockchain in the property market	Panel: The challenges for the banking industry	Case Study 1
9.50	Networking Break	Tapping into IoT to Explore Benefits within Airline Business	Case Study: Keep customers at centre of smart utilities	Analysis of the recent fatal Uber self-driving collision	Panel: AI transforming Healthcare	Panel: Smart Contract Management & Innovation	Tokenized Assets. How to enjoy blockchain	Revolutionising Marketing & Loyalty	It's more than Blockchain
10.00	IoT Innovation: Decentralised risk mngmt	Panel: Geolocation technologies in Enterprise	Networking Break	Networking Break	Networking Break	Networking Break	Transforming Fin.I Services	The Future of Blockchain	Networking Break
10.10	IoT Innovation: Keeping Enterprise AI in shape	Panel: Logistics solutions for 2018 using the IoT	High-Performing Buildings: The Value Proposition for Real Estate	Designing for AI	Networking Break	Networking Break	Afternoon Keynote: Role of the B3i consortia in progressing Blockchain for Insurance	Innovations in Blockchain – 1	Keynote – Blockchain Interfaces
10.20	Powering IoT with high energy solid state batteries	Case Study: Fraud detection in the parcel network using big data	Panel: How can we effectively measure sustainable smart cities?	Democratising computer vision with deep learning	AI for Consumer Case Study	Panel: What are the regulatory implications of using blockchain technologies	Panel: Insurance – Understanding the opportunities and threats for Blockchain in Insurance	Revolutionising Marketing & Loyalty	Disrupting Sports
10.30	Privacy & Security	Networking Break	Networking Break	AI for process automation: healthcare insurance cases	AI sucks...no it rocks!	Panel: The Revolutionising of Customer Experiences through AI	Case Study – PreCharge	Art & collectibles asset class	AI Innovation
10.40	Chair's Welcome	Panel: Revolutionising retail using IoT	Experiences in Creating a Smart Sustainable City Stockholm	Future Blockchain Strategies <b>3 - 5pm</b> This afternoon session allows you to hear from a number of innovative Blockchain start ups, their business cases, and case studies, and be able to see how to partner with a number of emerging technology players to forward your Blockchain services.	Panel: AI transforming Healthcare	Panel: The importance of collaboration for IoT security	Case Study – Gibraltar: Blockchain pioneer Shipper to Carrier Direct	Launching Blockchain ICOs – Blockchain for Business	Money supply
10.50	Keynote Panel: An E2E approach to tackling data security challenges of the IoT	Panel: Connected Insurance in 2018	Panel: Building a Smart City business case	Networking Break	Panel: AI transforming Healthcare	Panel: The importance of collaboration for IoT security	Networking Lunch	Revolutionising Marketing & Loyalty	Future Proofing BC Tech
11.00	Case Study: IT Asset Disposition and GDPR: What You Need to Know	Panel: Connected Insurance in 2018	Case Study: Civ Tech in Scotland	Networking Break	Panel: AI transforming Healthcare	Panel: The importance of collaboration for IoT security	Networking Lunch	Revolutionising Marketing & Loyalty	Nexus, Blockchain Redefined
11.10	Networking Break	Panel: Connected Insurance in 2018	Case Study: Civ Tech in Scotland	Networking Break	Panel: AI transforming Healthcare	Panel: The importance of collaboration for IoT security	Networking Lunch	Revolutionising Marketing & Loyalty	Gibraltar: Blockchain pioneer Shipper to Carrier Direct
11.20	IoT Innovation: Healthcare	Panel: Connected Insurance in 2018	Case Study: Civ Tech in Scotland	Networking Break	Panel: AI transforming Healthcare	Panel: The importance of collaboration for IoT security	Networking Lunch	Revolutionising Marketing & Loyalty	Shipper to Carrier Direct
11.30	IoT Innovation: Decentralised risk mngmt	Panel: Connected Insurance in 2018	Case Study: Civ Tech in Scotland	Networking Break	Panel: AI transforming Healthcare	Panel: The importance of collaboration for IoT security	Networking Lunch	Revolutionising Marketing & Loyalty	Networking Lunch
11.40	IoT Innovation: Keeping Enterprise AI in shape	Panel: Connected Insurance in 2018	Case Study: Civ Tech in Scotland	Networking Break	Panel: AI transforming Healthcare	Panel: The importance of collaboration for IoT security	Networking Lunch	Revolutionising Marketing & Loyalty	Networking Lunch
11.50	Powering IoT with high energy solid state batteries	Panel: Connected Insurance in 2018	Case Study: Civ Tech in Scotland	Networking Break	Panel: AI transforming Healthcare	Panel: The importance of collaboration for IoT security	Networking Lunch	Revolutionising Marketing & Loyalty	Networking Lunch
12.00	Privacy & Security	Panel: Connected Insurance in 2018	Case Study: Civ Tech in Scotland	Networking Break	Panel: AI transforming Healthcare	Panel: The importance of collaboration for IoT security	Networking Lunch	Revolutionising Marketing & Loyalty	Networking Lunch
12.10	Chair's Welcome	Panel: Connected Insurance in 2018	Case Study: Civ Tech in Scotland	Networking Break	Panel: AI transforming Healthcare	Panel: The importance of collaboration for IoT security	Networking Lunch	Revolutionising Marketing & Loyalty	Networking Lunch
12.20	Keynote Panel: An E2E approach to tackling data security challenges of the IoT	Panel: Connected Insurance in 2018	Case Study: Civ Tech in Scotland	Networking Break	Panel: AI transforming Healthcare	Panel: The importance of collaboration for IoT security	Networking Lunch	Revolutionising Marketing & Loyalty	Networking Lunch
12.30	Case Study: IT Asset Disposition and GDPR: What You Need to Know	Panel: Connected Insurance in 2018	Case Study: Civ Tech in Scotland	Networking Break	Panel: AI transforming Healthcare	Panel: The importance of collaboration for IoT security	Networking Lunch	Revolutionising Marketing & Loyalty	Networking Lunch
12.40	Networking Break	Panel: Connected Insurance in 2018	Case Study: Civ Tech in Scotland	Networking Break	Panel: AI transforming Healthcare	Panel: The importance of collaboration for IoT security	Networking Lunch	Revolutionising Marketing & Loyalty	Networking Lunch
12.50	IoT Innovation: Healthcare	Panel: Connected Insurance in 2018	Case Study: Civ Tech in Scotland	Networking Break	Panel: AI transforming Healthcare	Panel: The importance of collaboration for IoT security	Networking Lunch	Revolutionising Marketing & Loyalty	Networking Lunch
13.00	IoT Innovation: Decentralised risk mngmt	Panel: Connected Insurance in 2018	Case Study: Civ Tech in Scotland	Networking Break	Panel: AI transforming Healthcare	Panel: The importance of collaboration for IoT security	Networking Lunch	Revolutionising Marketing & Loyalty	Networking Lunch
13.10	IoT Innovation: Keeping Enterprise AI in shape	Panel: Connected Insurance in 2018	Case Study: Civ Tech in Scotland	Networking Break	Panel: AI transforming Healthcare	Panel: The importance of collaboration for IoT security	Networking Lunch	Revolutionising Marketing & Loyalty	Networking Lunch
13.20	Powering IoT with high energy solid state batteries	Panel: Connected Insurance in 2018	Case Study: Civ Tech in Scotland	Networking Break	Panel: AI transforming Healthcare	Panel: The importance of collaboration for IoT security	Networking Lunch	Revolutionising Marketing & Loyalty	Networking Lunch
13.30	Privacy & Security	Panel: Connected Insurance in 2018	Case Study: Civ Tech in Scotland	Networking Break	Panel: AI transforming Healthcare	Panel: The importance of collaboration for IoT security	Networking Lunch	Revolutionising Marketing & Loyalty	Networking Lunch
13.40	Chair's Welcome	Panel: Connected Insurance in 2018	Case Study: Civ Tech in Scotland	Networking Break	Panel: AI transforming Healthcare	Panel: The importance of collaboration for IoT security	Networking Lunch	Revolutionising Marketing & Loyalty	Networking Lunch
13.50	Keynote Panel: An E2E approach to tackling data security challenges of the IoT	Panel: Connected Insurance in 2018	Case Study: Civ Tech in Scotland	Networking Break	Panel: AI transforming Healthcare	Panel: The importance of collaboration for IoT security	Networking Lunch	Revolutionising Marketing & Loyalty	Networking Lunch
14.00	Case Study: IT Asset Disposition and GDPR: What You Need to Know	Panel: Connected Insurance in 2018	Case Study: Civ Tech in Scotland	Networking Break	Panel: AI transforming Healthcare	Panel: The importance of collaboration for IoT security	Networking Lunch	Revolutionising Marketing & Loyalty	Networking Lunch
14.10	Networking Break	Panel: Connected Insurance in 2018	Case Study: Civ Tech in Scotland	Networking Break	Panel: AI transforming Healthcare	Panel: The importance of collaboration for IoT security	Networking Lunch	Revolutionising Marketing & Loyalty	Networking Lunch
14.20	IoT Innovation: Healthcare	Panel: Connected Insurance in 2018	Case Study: Civ Tech in Scotland	Networking Break	Panel: AI transforming Healthcare	Panel: The importance of collaboration for IoT security	Networking Lunch	Revolutionising Marketing & Loyalty	Networking Lunch
14.30	IoT Innovation: Decentralised risk mngmt	Panel: Connected Insurance in 2018	Case Study: Civ Tech in Scotland	Networking Break	Panel: AI transforming Healthcare	Panel: The importance of collaboration for IoT security	Networking Lunch	Revolutionising Marketing & Loyalty	Networking Lunch
14.40	IoT Innovation: Keeping Enterprise AI in shape	Panel: Connected Insurance in 2018	Case Study: Civ Tech in Scotland	Networking Break	Panel: AI transforming Healthcare	Panel: The importance of collaboration for IoT security	Networking Lunch	Revolutionising Marketing & Loyalty	Networking Lunch
14.50	Powering IoT with high energy solid state batteries	Panel: Connected Insurance in 2018	Case Study: Civ Tech in Scotland	Networking Break	Panel: AI transforming Healthcare	Panel: The importance of collaboration for IoT security	Networking Lunch	Revolutionising Marketing & Loyalty	Networking Lunch
15.00	Privacy & Security	Panel: Connected Insurance in 2018	Case Study: Civ Tech in Scotland	Networking Break	Panel: AI transforming Healthcare	Panel: The importance of collaboration for IoT security	Networking Lunch	Revolutionising Marketing & Loyalty	Networking Lunch
15.10	Chair's Welcome	Panel: Connected Insurance in 2018	Case Study: Civ Tech in Scotland	Networking Break	Panel: AI transforming Healthcare	Panel: The importance of collaboration for IoT security	Networking Lunch	Revolutionising Marketing & Loyalty	Networking Lunch
15.20	Keynote Panel: An E2E approach to tackling data security challenges of the IoT	Panel: Connected Insurance in 2018	Case Study: Civ Tech in Scotland	Networking Break	Panel: AI transforming Healthcare	Panel: The importance of collaboration for IoT security	Networking Lunch	Revolutionising Marketing & Loyalty	Networking Lunch
15.30	Case Study: IT Asset Disposition and GDPR: What You Need to Know	Panel: Connected Insurance in 2018	Case Study: Civ Tech in Scotland	Networking Break	Panel: AI transforming Healthcare	Panel: The importance of collaboration for IoT security	Networking Lunch	Revolutionising Marketing & Loyalty	Networking Lunch
15.40	Networking Break	Panel: Connected Insurance in 2018	Case Study: Civ Tech in Scotland	Networking Break	Panel: AI transforming Healthcare	Panel: The importance of collaboration for IoT security	Networking Lunch	Revolutionising Marketing & Loyalty	Networking Lunch
15.50	IoT Innovation: Healthcare	Panel: Connected Insurance in 2018	Case Study: Civ Tech in Scotland	Networking Break	Panel: AI transforming Healthcare	Panel: The importance of collaboration for IoT security	Networking Lunch	Revolutionising Marketing & Loyalty	Networking Lunch
16.00	IoT Innovation: Decentralised risk mngmt	Panel: Connected Insurance in 2018	Case Study: Civ Tech in Scotland	Networking Break	Panel: AI transforming Healthcare	Panel: The importance of collaboration for IoT security	Networking Lunch	Revolutionising Marketing & Loyalty	Networking Lunch
16.10	IoT Innovation: Keeping Enterprise AI in shape	Panel: Connected Insurance in 2018	Case Study: Civ Tech in Scotland	Networking Break	Panel: AI transforming Healthcare	Panel: The importance of collaboration for IoT security	Networking Lunch	Revolutionising Marketing & Loyalty	Networking Lunch
16.20	Powering IoT with high energy solid state batteries	Panel: Connected Insurance in 2018	Case Study: Civ Tech in Scotland	Networking Break	Panel: AI transforming Healthcare	Panel: The importance of collaboration for IoT security	Networking Lunch	Revolutionising Marketing & Loyalty	Networking Lunch
16.30	Privacy & Security	Panel: Connected Insurance in 2018	Case Study: Civ Tech in Scotland	Networking Break	Panel: AI transforming Healthcare	Panel: The importance of collaboration for IoT security	Networking Lunch	Revolutionising Marketing & Loyalty	Networking Lunch
16.40	Chair's Welcome	Panel: Connected Insurance in 2018	Case Study: Civ Tech in Scotland	Networking Break	Panel: AI transforming Healthcare	Panel: The importance of collaboration for IoT security	Networking Lunch	Revolutionising Marketing & Loyalty	Networking Lunch
16.50	Keynote Panel: An E2E approach to tackling data security challenges of the IoT	Panel: Connected Insurance in 2018	Case Study: Civ Tech in Scotland	Networking Break	Panel: AI transforming Healthcare	Panel: The importance of collaboration for IoT security	Networking Lunch	Revolutionising Marketing & Loyalty	Networking Lunch
17.00	Case Study: IT Asset Disposition and GDPR: What You Need to Know	Panel: Connected Insurance in 2018	Case Study: Civ Tech in Scotland	Networking Break	Panel: AI transforming Healthcare	Panel: The importance of collaboration for IoT security	Networking Lunch	Revolutionising Marketing & Loyalty	Networking Lunch
17.10	Networking Break	Panel: Connected Insurance in 2018	Case Study: Civ Tech in Scotland	Networking Break	Panel: AI transforming Healthcare	Panel: The importance of collaboration for IoT security	Networking Lunch	Revolutionising Marketing & Loyalty	Networking Lunch
17.20	IoT Innovation: Healthcare	Panel: Connected Insurance in 2018	Case Study: Civ Tech in Scotland	Networking Break	Panel: AI transforming Healthcare	Panel: The importance of collaboration for IoT security	Networking Lunch	Revolutionising Marketing & Loyalty	Networking Lunch
17.30	IoT Innovation: Decentralised risk mngmt	Panel: Connected Insurance in 2018	Case Study: Civ Tech in Scotland	Networking Break	Panel: AI transforming Healthcare	Panel: The importance of collaboration for IoT security	Networking Lunch	Revolutionising Marketing & Loyalty	Networking Lunch
